## SAMPLE LIST ONLY

This booklet contains about 900 popular song titles. Our actual song list totals 50,000 SONGS! However, the enclosed titles offer a wide sampling of the music variety available from Ebright Entertainment.

4 hours of music averages 60-75 songs. Try not to get too carried away when picking your favorite songs! If you choose around 50 songs...that will give us a good survey of your musical taste. Don't forget - your guests will be asking for a lot of requests as well.

Our job is to mix everyone's requests together as smoothly as possible - along with some of our own "tried and proven" selections. That way, you will have a smooth-flowing show that will satisfy a wide variety of tastes. *(And some people think what we do for a living is SO EASY!)*

### Highlighting Songs

Now, have fun going through this list! If you are on the computer looking at this list, just keep a Word document window open to take notes of your favorites song requests.

**For very important requests**, print them in **BOLD** type Don't over-inflate the effectiveness of "**Bold Type**" requests! Please limit them to about 5-10 selections. You will absolutely hear every **BOLD** request!

For song titles or singers you don't see...feel free to add them to your list. Just make sure we get them at least 2 weeks in advance of your event so we have time to track them down in our music collection.
